Best Big Budget Campaign (£50k+)

Summary

The Discovering Décors campaign was conducted by leading UK distributor, James Latham, between May – October 2022, to raise awareness of its vast portfolio of decorative surfaces. Adopting a multi-channel approach, it worked with The Think Tank, Ginger Digital, Feed Me Content and Cyon Agency to develop a two-pronged, audience-nuanced campaign. Tough targets were smashed on every level, with marketing activity leading to an impressive surge in social and web traffic as well as a massive spike in enquiries of almost 30%.
